Notes

1. Names are those most commonly used and recorded in documentation at the time of the tragedy and reflect any anglicisation adopted. This especially affects surnames originally commencing with the letter 'I'. Surnames such as Iaconelli, Iannetta and Iardella are listed under the letters 'J' or 'Y'.
2. AS = Perished on *Arandora Star* (442); Dun = Rescued and sent to Australia on *Dunera* (200); UK = Rescued, hospitalised and then interned UK (65).
3. Current Italian provincial boundaries and abbreviations have been used. For individuals born outside Italy the provincial denominations indicate province of familial origin or connection.
4. Last known UK residence prior to internment.
